- _____ C - Compass : Check heading on flight plan against compass DI
- _____ L - Log: Record & update times
- _____ E - Engine: Temperatures & pressures
- _____ A - Altitude: Correct hemispherical
- _____ R - Radio: Correct frequency. Any calls due?

- _____ O - Orientation:What should I be seeing on this track? Does it make sense?
- _____ F - Fuel:Check quantity. Is it enough? Log Amount.
- _____ F - Forced Landing: Where do I go if I have to force land?
